

JERABEK ROBOTICS 101

Give your students the opportunity to use robotics and coding to fuel creativity and perseverance as they learn how to problem solve through collaboration. Taught by San Diego's premier STEM lab and curriculum designer Terra Norine who has worked with countless schools, Robotics 101 will give your student access to a vast collection of learning tools through the course.

K – 2nd - Mon 3:05pm – 4:15pm, 1/22 – 3/9 (Off 2/19)

TK - 1st – Fri 7:30am – 8:30am, 1/19 – 3/16 (Off 2/16)
